“ANNEXURE –B” TO THE INDEPENDENT AUDITORS' REPORT

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 (“the Act”)

We have audited the internal financial controls over financial reporting of Pithampur Poly Products Limited (“the Company”) as of 31st March, 2016 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

Management’s Responsibility for Internal Financial Controls

The Company’s management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India (‘ICAI’). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors’ Responsibility

Our responsibility is to express an opinion on the Company’s internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the “Guidance Note”) and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor’s judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the

Company’s internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company’s internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company’s internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company’s assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31st March, 2016, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of

Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

PART- A - SIGNIFICANT ACCOUNTING POLICIES & PRACTICES

1 Accounting Convention

- 1.1 The financial statements of the Company have been prepared in accordance with Generally Accepted Accounting Principles in India (Indian GAAP) to comply with the Accounting Standards specified under Section 133 of the Companies Act, 2013 read with rule 7 of the Companies (Accounts) Rules, 2014, and the relevant provisions of the Companies Act, 2013, as applicable.
- 1.2 The financial statements have been prepared on the basis of historical cost convention, and on the accounting principle of a going concern.
- 1.3 The Company follows mercantile system of accounting and recognizes income and expenditure on accrual basis except those with significant uncertainties.

2 Use of estimates

The preparation of financial statements, in conformity with the generally accepted accounting principles [GAAP], requires management to make estimates and assumptions that are considered in the reported amounts of assets and liabilities and disclosures of contingent liabilities on the date of financial statements and reported amounts of revenues and expenses for the year. Estimates are based on historical experience, where applicable and other assumptions that management believes are reasonable under the circumstances. Actual results could vary from these estimates and any such difference are dealt with in the period in which the results are known / materialize.

3 Fixed Assets

- 3.1 Fixed Assets are stated at cost, less accumulated depreciation and impairment, if any. Direct cost are capitalized until such assets are ready for use.
- 3.2 Tangible Fixed Assets, that are not yet ready for their intended use, are carried at costs, comprising direct cost, and other incidental/ attributable expenses and reflected under capital work in progress.
- 3.3 Intangible Assets are recorded at the consideration paid for acquisition of such assets and are carried at cost less accumulated amortization and impairment.

4 Investments

Investments are either classified as current or long term, based on Management's intention. Current investment are carried at lower of cost and fair value of each investment individually. Long term investments are carried individually at cost. However, provision for diminution is made to recognize a decline, if any, other than temporary, in the carrying value of the investment.

5 Inventories

Cost of inventory comprises all cost of purchase, cost of conversion and other cost incurred for bringing the inventory to their present condition and location.

Inventories are valued as under:

Deferred tax assets arising from timing differences are recognised to the extent there is a virtual certainty that these would be realised in future and are reviewed for the appropriateness of their respective carrying values at each balance sheet date.

A disclosure for a contingent liability is made when there is a possible obligation or a present obligation that may, but probably will not, require an outflow of resources. Where there is a possible obligation or present obligation in respect of which the likelihood of outflow of resources is remote, no provision or disclosure is made.
